

Press release 2020-06-21

Acconeer receives order from Digi-Key worth USD 33 000

The order relates to Acconeer's A111 radar sensor and the XR112 reference board. Digi-Key's global online platform, serving both global players as well as smaller local niche producers, remains an important distribution channel for Acconeer.

Lars Lindell, CEO Acconeer, comments: "Digi-Key is one of our most important global sales channels, and we are happy to receive this order of sensor intended for customers' mass production."

About Acconeer AB

Acconeer is a leading radar sensor company based in Lund, south Sweden, in Ideon, the country's hottest region for wireless technologies. Acconeer is developing a truly leading ultra-low power, high precision 3D sensor which will revolutionize the way that mobile devices interpret their surroundings. Acconeers ultra-low power and millimeter precision sensor will be a robust and cost-effective solution for applications ranging from virtual reality and gaming to security and robot control. Information from the sensor can also be used to identify different materials, these are just some examples of the wide range of possibilities of application areas for the sensor. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA) and can be reached via telephone +46 (0)8 121 576 90 or via mail certifiedadviser@redeye.se.
