

Press release 2020-11-02

## **Acconeer signs distribution agreement with Marubun**

The agreement concerns Acconeer's radar sensors along with related modules and evaluation kits (EVK) for the Japanese market.

Marubun has a long history of providing solutions in the semiconductor business and was among the first to successfully introduce integrated circuits to the Japanese market. Lars Lindell, CEO Acconeer, comments: "With the addition of Marubun to our distributor network, we strengthen our presence in the Japanese market even further. We look forward to seeing what opportunities the collaboration will lead to."

### **About Acconeer AB**

Acconeer is a leading radar sensor company based in Lund, south Sweden, in Ideon, the country's hottest region for wireless technologies. Acconeer is developing a truly leading ultra-low power, high precision 3D sensor which will revolutionize the way that mobile devices interpret their surroundings. Acconeer's ultra-low power and millimeter precision sensor will be a robust and cost-effective solution for applications ranging from virtual reality and gaming to security and robot control. Information from the sensor can also be used to identify different materials, these are just some examples of the wide range of possibilities of application areas for the sensor. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA) and can be reached via telephone +46 (0)8 121 576 90 or via mail [certifiedadviser@redeye.se](mailto:certifiedadviser@redeye.se).
