## Acconeer publishes annual report 2021

Acconeer AB's annual report for 2021 is from today available on the company's website, [investor.acconeer.com](https://investor.acconeer.com).

In order to reduce environmental impact and cost, Acconeer AB will not print the annual report for general distribution. A printed version of the report can be distributed to shareholders upon request.

As previously communicated, the Annual General Meeting will be held on Tuesday, 26 April 2022. More information will be included in the notice convening the AGM.

### About Acconeer AB

With ground-breaking technology, Acconeer has developed a radar sensor that opens a new world of interaction. Acconeer Micro Radar Sensor, with low power consumption, high precision, small size and high robustness, is a 60GHz robust and cost-effective sensor for detection, distance measurement, motion detection and camera-supported applications with low power consumption. Acconeer combines the advantage of low power consumption with highly accurate pulsed radar systems of coherent radar, all integrated into a component with a surface area of only 28 mm<sup>2</sup>. The radar sensor can be included in a range of mobile consumer products, from smartphones to wearables, but also in areas such as robots, drones, the Internet of Things, healthcare, automotive, industrial robots and security and monitoring systems. Acconeer is a semiconductor company and, as a business model, sells hardware to manufacturers of consumer electronics products. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA) and can be contacted via telephone +46(0)8 121 576 90 or via e-mail [certifiedadviser@redeye.se](mailto:certifiedadviser@redeye.se).
