Acconeer among Sweden's 50 fastest growing tech companies according to Deloitte

Acconeer is among the 50 Swedish companies qualified for Deloitte's list [Sweden Technology Fast 50](#). Every year, Deloitte lists the 50 fastest growing tech companies in Sweden. Which ranking Acconeer has among the 50 will be announced in November.

CEO Lars Lindell comments: "We are of course very happy to be among the 50 fastest growing Swedish tech companies. We are well aware that we are growing at a high pace, and now we look forward to getting to know how we compare to the other companies on the list. We see this as a confirmation that we are heading in the right direction at a competitive pace."

About Acconeer AB

With ground-breaking technology, Acconeer has developed a radar sensor that opens a new world of interaction. Acconeer Micro Radar Sensor, with low power consumption, high precision, small size and high robustness, is a 60GHz robust and cost-effective sensor for detection, distance measurement, motion detection and camera-supported applications with low power consumption. Acconeer combines the advantage of low power consumption with highly accurate pulsed radar systems of coherent radar, all integrated into a component with a surface area of only 28 mm². The radar sensor can be included in a range of mobile consumer products, from smartphones to wearables, but also in areas such as robots, drones, the Internet of Things, healthcare, automotive, industrial robots and security and monitoring systems. Acconeer is a semiconductor company and, as a business model, sells hardware to manufacturers of consumer electronics products. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA). For more information: www.acconeer.com.
