## Acconeer receives order from Digi-Key worth USD 100k

The order relates to the new A121 Pulsed Coherent Radar sensor for mass production, as well as the first A121-based module, the integration-ready XM125 and its related evaluation kit (EVK) XE125. The products will be available to purchase online from end of March. Digi-Keys global online platform, serving customers with evaluation kits and sensors intended for mass production, remains an important distribution channel for Acconeer.

CEO Lars Lindell comments: “The evaluation kit for A121 has been available since last summer, and we know that many customers have started developing their A121-based products. Now we are about to release the first A121-based module, which we know many customers have been waiting for, and we look forward to seeing what innovative products and use cases it will be used in.”

In addition to publicly announced orders, Acconeer continuously receives orders of smaller amounts which are not publicly announced as they are not considered to affect the share price.

### About Acconeer AB

With ground-breaking technology, Acconeer has developed a radar sensor that opens a new world of interaction. Acconeer Micro Radar Sensor, with low power consumption, high precision, small size and high robustness, is a 60GHz robust and cost-effective sensor for detection, distance measurement, motion detection and camera-supported applications with low power consumption. Acconeer combines the advantage of low power consumption with highly accurate pulsed radar systems of coherent radar, all integrated into a component with a surface area of only 28 mm<sup>2</sup>. The radar sensor can be included in a range of mobile consumer products, from smartphones to wearables, but also in areas such as robots, drones, the Internet of Things, healthcare, automotive, industrial robots and security and monitoring systems. Acconeer is a semiconductor company and, as a business model, sells hardware to manufacturers of consumer electronics products. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA). For more information: [www.acconeer.com](http://www.acconeer.com).
