

PRESS RELEASE 09.06.2025

Unsquare joins XPartners – strengthening the group’s legal and compliance offering

XPartners is expanding its offering by welcoming Unsquare AB. The company specializes in legal and compliance services, and the acquisition brings highly requested expertise into the group. It also reinforces the core business by supporting consultants in their daily work and helping deliver greater value to clients. In addition, it is a key complement to the ongoing investment in Commercial Contract Management (CCM) in Sweden.

Unsquare was founded in 2018 and has offices in Stockholm and Gothenburg. The company provides consultants in business law and compliance. With a flexible and client-oriented approach, Unsquare delivers expert support to both private and public sector clients.

“Unsquare brings specialist competence already requested by many of our clients – and there’s strong internal demand from our companies for closer legal and compliance collaboration. This is a strategic addition that enhances our overall offering and delivers immediate value both internally and externally,” says **Sonny Mirborn**, CEO of XPartners.

Through the acquisition, XPartners gains access to legal expertise that will support other companies in the group across both project execution and business development, with particular potential in the expanding field of commercial contract management.

“Joining XPartners gives us the opportunity to contribute in a broader context, where our specialist knowledge can be of concrete value to the companies in the group. We look forward to growing together and creating value through collaboration between law and technology, says **Ida Höglund**, CEO of Unsquare AB.
