Income statement

Q4 2024

Consolidated revenue amounted to NOK 332.5 million in Q4 2024 (NOK 285.2 million in Q4 2023), representing a 17% increase year-on-year. The increase is a result of the ARR increase over the last year, as well as a high share of the ARR growth in Q4 from Software subscriptions.

Pexip operates in two main product areas. Pexip self-hosted software, which mainly consists of sales from software licenses and related maintenance contracts, and Pexip as-a-Service, which consists of sales from Pexip's public cloud service. Self-hosted software revenue accounted for NOK 188.0 million in Q4 2024 (NOK 167.3 million, +12%). The increase is due to increased sales. Revenue from Pexip as-a-Service was NOK 144.5 million in Q4 2024 (NOK 117.8 million, +23%).

EMEA was the largest sales area with NOK 184.2 million in revenue (NOK 154.8 million, +19%), followed by Americas, accounting for NOK 130.0 million (NOK 114.3 million, +14%), and Asia-Pacific (APAC), accounting for NOK 18.3 million (NOK 16.1 million, 14%).

Cost of sale consists mainly of network, data center and hosting for the Pexip as-a-Service, as well as some 3rd party commissions and software licenses. Cost of sale amounted to NOK 26.2 million in Q4 2024 (NOK 28.1 million), reflecting a gross margin of 92% (90%). The reduction in cost of sale year-on-year is mostly related from operational efficiency gains in the Pexip software-as-a-service cloud achieved despite traffic and revenue growth.

Operating expenses consist mainly of salary and personnel expenses and other operating expenses. Salary and personnel expenses amounted to NOK 177.7 million in Q4 2024 (NOK 161.2 million), which is 53% of the quarterly revenue (57%). The increase is mostly related to higher variable salary costs due to full-year bonuses (NOK 10.8 million higher y-o-y) and a reduction in capitalization of own R&D compared to Q4 2023 (NOK 4.8 million lower y-o-y). Pexip had 282 employees employed at the end of Q4 2024 (304).

Other operating expenses amounted to NOK 40.5 million (NOK 36.7 million), which reflects a level of 12% of the quarterly revenue (13%). The increase is related to higher marketing expenses as well as higher internal IT costs.

Other gains and losses amounted to a loss of NOK 2.7 million (NOK 4.5 million). The costs in Q4 2024 are mainly related to the termination of employees in order to secure long-term cost reductions by reducing the number of middle management and overhead roles.

Earnings before financial items, tax, depreciation, amortization and impairment (EBITDA) excluding Other gains and losses was NOK 88.2 million (NOK 59.2 million), up NOK 29.0 million from Q4 2023, reflecting a 27% margin (21%). EBITDA including other gains and losses amounted to NOK 85.5 million in Q4 2024 (NOK 54.6 million), reflecting a 26% EBITDA margin (19%).

Depreciation and amortization costs were NOK 20.1 million in Q4 2024 (NOK 27.3 million). The reduction is a result of lower depreciation of intangible assets and lower right of use depreciation related to leasing. Impairment costs were NOK 3.1 million in Q4 2024 (NOK 72.7 million) from impairment of the remaining right-of-use asset of the old UK office.

Net financial income was NOK 20.1 million (NOK 0.4 million). Pexip had financial income of NOK 9.0 million related to interest on cash holdings (NOK 7.4 million), while the net impact of foreign exchange differences gave a gain of NOK 12.1 million (loss of NOK 6.3 million).

Profit before tax was NOK 82.3 million (loss of NOK 45.0 million). Profit after tax was NOK 59.7 million (loss of NOK 58.6 million).

Full Year 2024

Consolidated revenue amounted to NOK 1,118.6 million in 2024 (NOK 993.6 million in 2023), representing a 13% increase year-on-year. The increase is a result of the ARR increase over the last year. EMEA was the largest sales area with NOK

567.0 million in revenue (NOK 501.5 million, +13%), followed by Americas, accounting for NOK 468.7 million (NOK 416.5 million, +13%), and Asia-Pacific (APAC), accounting for NOK 82.8 million (NOK 75.6 million, +10%).

Pexip-as-a-Service revenue accounted for NOK 545.2 million in 2024 (NOK 458.7 million, +19%). Revenue from self-hosted software was NOK 573.3 million in 2024 (NOK 534.9 million, +7%).

Cost of sale consists mainly of network, data center and hosting for the Pexip as-a-Service, as well as some 3rd party commissions and software licenses. Cost of sale amounted to NOK 105.1 million in 2024 (NOK 99.0 million), reflecting a gross margin of 91% (90%).

Operating expenses consist mainly of salary and personnel expenses and other operating expenses. Salary and personnel expenses amounted to NOK 654.0 million in 2024 (NOK 621.4 million), which is 58% of revenue (63%).

Other operating expenses amounted to NOK 152.8 million (NOK 159.9 million), which reflects a level of 14% of the revenue (16%). The reduction is due to the cost-cutting initiatives and the effects were realized across multiple cost categories, in particular on external consultants.

Other gains and losses amounted to a loss of NOK 15.9 million (NOK 10.9 million). The costs in 2024 are mainly related to the termination of employees in order to secure long-term cost reductions.

Earnings before financial items, tax, depreciation, amortization and impairment (EBITDA) amounted to NOK 190.8 million for 2024 (NOK 102.4 million), reflecting a 17% EBITDA margin (10%). EBITDA adjusted for Other gains and losses was NOK 206.7 million (NOK 113.3 million), reflecting a 18% margin (11%).

Depreciation and amortization costs were NOK 78.1 million for 2024 (NOK 126.4 million). The reduction is a result of lower depreciation of intangible assets, lower right of use depreciation related to leasing. Impairment costs were NOK 3.1 million in 2024 (NOK 72.7 million).

Net financial income was NOK 54.6 million (NOK 33.2 million). Pexip had financial income of NOK 28.7

million related to interest on cash and money market funds (NOK 19.2 million), while the net impact of foreign exchange differences gave a gain NOK 29.4 million (gain of NOK 16.7 million).

Profit before tax was NOK 164.2 million (negative NOK 63.5 million). Profit after tax was NOK 117.9 million (loss of NOK 79.8 million).

Non-current liabilities amounted to NOK 85 million (NOK 61 million at the end of Q4 2023). The increase

is related to increased lease liabilities from a new longterm lease of Pexip's UK office.

Cash flow

Q4 2024

In Q4 2024 Pexip re-classified its money market funds from cash equivalents to financial investments. This has an impact on the cash flow statement for Q4, where the full fair value adjustment for 2024 is recognized in Q4 2024 reducing operating cash flow. This has previously been considered an increase in cash equivalents equal to interest income.

Net cash flow from operating activities was NOK 31.9 million in Q4 2024 (NOK 50.4 million in Q4 2023) compared to an EBITDA of NOK 85.5 million. In addition, the Company had a positive fair value adjustment on its money market funds of NOK 6.1 million.

Cash flow from investing activities was negative NOK 13.8 million for Q4 2024 (negative NOK 12.5 million). The main driver is PPE investments related to fitting a new UK office. Investments in own software development is NOK 1.1 million compared to NOK 11.0 million in Q4 2023, however, this included a cash inflow of NOK 4.5 million in R&D tax credits received in Q4 2024 which in 2023 was received in Q3.

Cash flow from financing activities was negative NOK 4.0 million for Q4 2024 (negative NOK 7.0 million). The main cash outflow was related to lease payments for office space.

In total, Pexip had a free cash flow of NOK 21.1 million (NOK 33.1 million), and a net change in cash position of NOK 28.9 million (NOK 28.3 million). The combined cash and money market fund position was NOK 628.2 million at the end of Q4 2024 (NOK 522.7 million).

The Board will propose to the Annual General Meeting in 2025 a dividend of NOK 2.5 per share, consisting of NOK 2.0 in ordinary dividend and an extraordinary dividend of NOK 0.5 per share. This will amount to a total dividend of NOK 261 million for all shares currently outstanding, excluding the impact of the Company's holding of own shares, which if approved will be paid out in Q2 2025.

Full Year

Net cash flow from operating activities was NOK 244.5 million in 2024 (NOK 177.6 million in 2023),

Risk and uncertainty

Risk management in Pexip is based on the principle that risk evaluation is an integral part of all business activities and is a part of the annual strategy review. Pexip has developed its approach to risk assessment and risk mitigation within financial reporting and information security, where Pexip holds ISO 27001 and 27701 certifications as external recognition of its approach.

Pexip is exposed to several risk factors related to operational and market activities, customer relationships and third parties, laws, regulations, and compliance, financial and market, among others. The Risk and Risk Management section in the 2023 Annual Report contains detailed descriptions and mitigating actions.

The beginning of 2025 has seen increased uncertainty in trade policies across countries. As a company operating in multiple countries, this may have an impact on Pexip's business although software and services are not product categories currently discussed publicly. The Company is continuously monitoring the situation and will seek to adapt to any changes in trade regulations.

Pexip has not identified any further significant risk exposures beyond the ones described in the 2023 Annual Report.

Outlook

Pexip believes that the market for enterprise-grade video communication will continue to increase due to the increased adoption and usage of video communication, and increased awareness of sustainability. Pexip has unique video technology with capabilities within security, interoperability, and flexible deployments. This makes the company well-positioned as enterprises and public sector organizations continue to adopt hybrid working models. Furthermore, Pexip believes in the increased use of video in organizations' workflows with their clients/customers, creating additional new and significant market opportunities. In particular, the use of video for mission-critical, high-security meetings has increased. This is the foundation of the focused strategy Pexip is executing, pursuing market-leading positions in Secure and Custom Video and Connected Spaces.

Pexip's near-term financial targets are to consistently deliver above 10% growth in annual recurring revenues and have an EBITDA margin above 20% with a high cash conversion. The company aims to do this by focusing on niches where Pexip has a unique competitive advantage and a path to become the clear market leader. Long-term the company aims to deliver Rule of 40 performance, with a combined ARR growth rate and EBITDA margin excluding other gains and losses of 40% or more. In Q1 2025 the company's outlook is to end on an ARR of USD 114-117 million from USD 113 million at the end of Q4 2024.
