

FOR IMMEDIATE PRESS RELEASE

MossHydro AS, a subsidiary of Nordic Technology Group AS, secures a NOK 3.9 million commercial lease contract with C-Feed for delivery of ultra-filtered water for marine food production.

Oslo, Norway
8 April 2025

MossHydro AS, a subsidiary of Nordic Technology Group AS, is pleased to announce the signing of a commercial lease contract with C-Feed for delivery of ultra-filtered water with a value of NOK 3.9 million in the period 2025-2028. The contract is to replace a lease contract from 2022 and in addition a new lease contract for one more system increasing the water production capacity for C-Feed by 100%.

C-Feed situated at Vanvikan, Norway is producing nutrition for the marine aquaculture industry. C-Feed production facility is the world's first large scale production facility for copepods in history.
