

Panoro Energy Initiates 2025-26 Share Buy-back Program

Oslo, 02 June 2025 – The Board of Directors of Panoro Energy ASA ("Panoro" or the "Company") (OSE: PEN) has approved the launch of a share buy-back program that allows the Company to repurchase up to NOK 100 million of its outstanding common shares.

Panoro has in place an agreement with Arctic Securities AS ("Arctic"), for the repurchase of the Company's common shares in open market transactions on the OSE. Under this agreement, Arctic will make its own trading decisions independently of, and uninfluenced by, Panoro, subject to instructions provided by Panoro in the agreement.

In order to comply with the European Market Abuse Regulation, the Company has provided the following required information: (i) under the repurchase program, as may be effected under the Arctic agreement, the Company may repurchase up to NOK 100 million of its common shares during the period from June 2025 until June 30, 2026 (subject also to a maximum limit of 11.7 million shares as approved at the 2025 AGM), and (ii) the purpose of the buy-back program is to reduce the number of common shares of the Company outstanding and to provide a return to Company shareholders. The number of shares acquired per day shall not exceed 25% of the average daily trading volume in the 20 trading days preceding the relevant purchase date.

The Company cannot predict how many shares will be repurchased, if any, under the agreement with Arctic, or the timing of any repurchase or the price that will be paid for any shares repurchased under the agreement.

The buy-back program will be completed in accordance with Regulation (EU) 2016/1052. This information is subject of the disclosure requirements pursuant to section 5-12 of the Norwegian Securities Trading Act and article 5 of the European Market Abuse Regulation.
