Item 8 – Board Authorization to Increase the Share Capital

Styrefullmakt til kapitalforhøyelse

Styret foreslår at generalforsamlingen gir styret en ny fullmakt til kapitalforhøyelse som beskrevet under.

Styret arbeider aktivt med å sikre ny finansiering for selskapet og ønsker å ha nødvendig handlingsrom for å kunne gjennomføre rettede emisjoner mot potensielle investorer.

En styrefullmakt vil gi selskapet et verktøy for effektiv gjennomføring av investeringer dersom en finansieringsavtale kommer på plass.

For å gi selskapet tilstrekkelig fleksibilitet, foreslås det at styret får fullmakt til å fravike eksisterende aksjonærs fortrinnsrett til å tegne aksjer, jf. aksjeloven § 10-4. Begrunnelsen for forslaget er at det er ønskelig at styret har frihet til å effektivt foreta rettede emisjoner mot andre selskaper eller personer for å sikre finansiering til selskapet.

Board Authorization to Increase the Share Capital

The Board of Directors proposes that the general meeting grants the Board a new authorization for a capital increase as described below.

The Board is actively working to secure new financing for the company and seeks the necessary flexibility to conduct private placements with potential investors.

A board authorization will provide the company with a tool for the efficient execution of investments if a financing agreement is established.

To provide the company with sufficient flexibility, it is proposed that the Board be authorized to deviate from existing shareholders' preferential rights to subscribe for shares, in accordance with Section 10-4 of the Companies Act. The rationale for this proposal is the desire for the Board to have the freedom to efficiently carry out private placements with other

The necessity for financing flexibility further substantiates the proposed deviation from the shareholders' preferential right to subscribe for shares.
