ABOUT THOR MEDICAL ASA

Thor Medical is a leading supplier of high-purity isotopes to the radiopharmaceutical industry. The Company's proprietary production platform combines advanced separation technology with industrial-scale manufacturing capacity to deliver a reliable, scalable and cost-efficient supply of alpha-emitting radioisotopes. Thor Medical supports radiopharmaceutical companies from early-stage development to commercialization, enabling scale-up of next-generation targeted cancer therapies. Thor Medical's product portfolio includes lead-212 (Pb-212) and its precursor isotopes thorium-228 (Th-228) and radium-224 (Ra-224). Based on naturally occurring thorium, Thor Medical's production process requires neither irradiation nor nuclear reactors, providing significant cost advantages while minimizing radioactive waste. Thor Medical is headquartered in Oslo, Norway, and listed on the Oslo Stock Exchange under the ticker symbol TRMED. For more information, visit https://www.thormedical.com/.
