Company Announcement

Nykode Therapeutics – Invitation to Q3 2026 Financial Results Presentation

Oslo, Norway, November 16, 2026 – Nykode Therapeutics ASA (OSE: NYKD), a clinical-stage biopharmaceutical company dedicated to the discovery and development of cancer vaccines, today announced it will release its third quarter 2026 financial results before the opening of financial markets on November 23, 2026.

The company will host a subsequent webcast presentation to review the financial and operating results. A question-and-answer session will follow.

Third Quarter 2026 Webcast:

Date:	Monday, November 23, 2026
Time:	2 p.m. CET / 8 a.m. ET
Webcast:	https://event.webcasts.com/starthere.jsp?ei=1780953&tp_key=0d6a495058

The financial report, as well as a live and archived webcast of the presentation, can be accessed in the Investors section of the company's website: https://nykode.com/investors/financial-reports/

About Nykode Therapeutics

Nykode Therapeutics is a clinical-stage biopharmaceutical company dedicated to the discovery and development of novel immunotherapies with a focus on the treatment of cancer and autoimmune diseases. Nykode's modular immunotherapy technology specifically targets antigens to antigen presenting cells (APC), which have been shown to induce a broad, strong and long-lasting antigen specific immune response in cancer, which correlates with clinical responses.

Nykode's lead product candidate is abi-suva, a cancer vaccine for the treatment of HPV16 induced malignancies which demonstrated favorable safety and efficacy results from its Phase 2 trial for the treatment of late-line r/m cervical cancer. Abi-suva is currently being further developed in first line head and neck cancer with the randomized Abili-T trial with interim results within 2027. VB10.NEO, an individualized cancer neoantigen cancer vaccine, has been investigated in two trials with more than 10 different indications.

Nykode is also utilizing its APC-targeted technology to create an immune tolerance platform for the potential use in autoimmune disorders, organ transplant rejections, anti-drug antibody reactions and allergy.

Nykode Therapeutics' shares are traded on the Oslo Stock Exchange (OSE: NYKD). Further information about Nykode Therapeutics can be found at http://www.nykode.com.

Forward-looking statements for Nykode Therapeutics

This announcement and any materials distributed in connection with this announcement may contain certain forward-looking statements. By their nature, forward-looking statements involve risk and uncertainty because they reflect the company's current expectations and assumptions as to future events and circumstances that may not prove accurate.
