## **Nocom signs major international contract**

Nocom AB (publ) has signed a major international contract regarding content management consulting and the supply of an e-business platform. Nocom will have a leading position in the development of the system, which is going to be put into operation in several European countries in the spring of 2001.

“This order, together with several other contracts in the last few weeks, strengthens our international position and is well in line with our positive view for the fourth quarter”, says Tomas Nygren, CEO, Nocom.

The order value for Nocom amounts initially to approximately SEK 15 million.

Nocom is one of the leading companies in the Nordic countries in the field of business-critical Internet solutions, based on Vignette e-business platform, with customers such as Aftonbladet, Torget and Föreningssparbanken.

“We are getting more and more credit internationally for our long-term commitment to quality and our leading-edge expertise in the field of advanced Internet solutions”, says Niclas Sahlgren, Director, business area Media & Communication, Nocom.

”Today, Nocom has all the expertise needed to meet the increasing demands for advanced development in combination with fast deployment of business-critical Internet services.”
