Evolution launches Live Casino for fast-growing Casumo

Evolution Gaming, the leading provider of Live Casino solutions, has signed a deal to offer the full line-up of Live Casino games for fast-growing Casumo.com.

Casumo is one of the biggest and fastest growing operators in Northern Europe and also recently entered the regulated UK market. Following the deal, they will launch the complete offering of Evolution's generic Live Casino tables for desktop, tablet and smartphone including popular games like Immersive Roulette and Live Casino Hold'em during October and November.

Oscar Simonsson, CEO and co-founder of Casumo, said: "We have wanted to expand our portfolio into the fast growing Live Casino segment for some time. During this process we have looked into many different Live Casino providers both among existing and new ones. In the end, given our best of breed approach it was only Evolution that we felt truly represented the quality and innovation of Casumo."

Sebastian Johannisson, CCO at Evolution Gaming, commented: "We are delighted to have entered into a partnership with Casumo for our Live Casino service. Casumo is one of the most interesting and successful operators in the market and to be able to help them to further expand and innovate their gaming portfolio with our live games is yet another huge achievement for Evolution."
