

XMReality signs contract with Atea Sweden

XMReality has signed a partner and reseller agreement, covering both hardware and software, with Atea Sweden. Atea is the leading provider of IT infrastructure and a driving force within information technology on the Swedish market. Following this contract XMReality Remote Guidance™ becomes a part of Atea's product portfolio and can be used by Atea's customers.

The current situation which the world is facing results in an increased need of technical solutions that support and facilitate remote work, education and guiding. Here Remote Guidance can be an option for private and public functions that are now reviewing and creating new processes and methods. Already today XMReality Remote Guidance is being used by several of Atea's customers.

"Atea is a key player on the Swedish market and we are proud to sign this partner and reseller agreement, where 400 sales representatives in Sweden now will be able to offer Remote Guidance to their customers. With Atea's leading position we see great opportunities to reach new markets and create innovative solutions for mutual growth. We also see potential in Atea's position towards authorities which now have the opportunity to order XMReality Remote Guidance" says Jörgen Rimmelg, CEO at XMReality.

The agreement will not generate any revenues for XMReality at the time of signing. Revenues are generated when Atea sells XMReality Remote Guidance to their customers.

About XMReality Remote Guidance™

XMReality Remote Guidance is an AR-enabled knowledge sharing tool that lets you communicate with gestures, speech, chat and pointers with someone at a completely different place. It includes:

- A unique hands-overlay technology that lets you guide someone else's hands—as if you were there.
- A web portal to manage teams and users, and to measure usage
- Integration through client-side API's (Application Programming Interfaces)

About XMReality

XMReality AB (publ) develops and sells solutions that revolutionizes knowledge sharing through augmented reality (AR). The company is a market leader in remote guidance, which uses AR to guide onsite staff and enable them to resolve or prevent problems. XMReality's customers are mainly global industrial companies, including Bosch Rexroth, ABB, Siemens Industrial Turbomachinery, Electrolux and Bombardier. XMReality is headquartered in Linköping, Sweden, and is listed on Nasdaq First North (ticker: XMR). Further information is available under www.xmreality.com
