

XMReality signs new deal with Güntner U.S.

XMReality Inc., the U.S. subsidiary of XMReality AB (publ) has signed a new client deal with Güntner U.S., a global leader in the manufacturing of refrigeration equipment. Since 1931, Güntner has been a global expert in commercial cooling and industrial refrigeration.

Through this deal, XMReality provides Güntner with its Remote Guidance™ software. It will be used by Güntner to provide quick remote service and support, no matter where customers or technicians are located. To start with, the software will be deployed by the team in North America where Güntner has over 2000 employees.

"We are excited to support a global leader like Güntner as it continues to manufacture and service industry leading equipment throughout the world," said Ryne Simeone, Vice President of Business Development at XMReality, Inc. "Güntner is one of the most trusted global brands in the commercial cooling and refrigeration market and we are proud to have been selected by them."

About XMReality Remote Guidance™

XMReality Remote Guidance is an AR-enabled knowledge sharing tool that lets you communicate with gestures, speech, chat and pointers with someone at a completely different place. It includes:

- A unique hands-overlay technology that lets you guide someone else's hands—as if you were there.
- A web portal to manage teams and users, and to measure usage
- Integration through client-side API's (Application Programming Interfaces)

About XMReality

XMReality AB (publ) develops and sells solutions that revolutionize knowledge transfer through so-called Augmented Reality (AR). The company is a market leader in remote guidance where you guide a person on site via AR to solve problems or prevent them from occurring. The product is used globally in more than 60 countries. Nestlé, Electrolux, Sidel, Heineken and Saab are examples of the more than 135 customers. XMReality is based in Linköping and in the U.S. and is listed on the Nasdaq First North Growth Market (ticker: XMR). For more information, visit: www.xmreality.com
