Proxy

Resolution regarding authorisation for the Board of Directors to decide on acquisition and sales of treasury shares (item 14)

The Board of Directors proposes that the AGM authorises the Board of Directors to, at one or more occasions and up to and including the next Annual General Meeting, resolve to acquire and/or sell treasury shares, mainly in accordance with the following terms:

Acquisition may be made with cash payment on Nasdaq Stockholm or in accordance with a tender offer to all the shareholders. Acquisition of shares may not result in the total holding of treasury shares, at any time, exceeding ten (10) percent of all shares in the Company at the time of the AGM's decision on the authorisation. Acquisition of shares on Nasdaq Stockholm may only be effected at a price within the currently effective registered price interval on Nasdaq Stockholm, meaning the price interval between the highest bid and the lowest ask price. Acquisition in accordance with a tender offer according to the above shall be effected at a price corresponding to at least the share price at the time of the offer with a maximum upward divergence of twenty (20) percent.

Sales of shares may take place on or outside Nasdaq Stockholm, with or without deviation from the shareholders' preferential rights and with or without payment in kind or payment by way of set-off. Such sales may be effected at a price within the currently effective registered price interval on Nasdaq Stockholm, meaning the price interval between the highest bid and the lowest ask price. The number of shares that may be sold should not amount to more than ten (10) percent of the total number of shares in the Company. Sales in connection with company acquisitions may be made at a market value as decided by the Board of Directors.

The purpose of the authorisation above to acquire and sell treasury shares is to enable financing of acquisition of operations through payment with treasury shares and to continuously adapt the Company's capital and share structure and thereby contribute to an increase in value for shareholders.

For a valid decision of the Meeting in accordance with the Board of Directors' proposal above it is required that the decision is seconded by shareholders representing at least two thirds (2/3) of the casted votes as well as of the shares represented at the Meeting.

Resolution regarding authorisation for the Board of Directors to decide on new share issue (item 15)

The Board of Directors proposes that the AGM authorises the Board to resolve on issuance of new shares, at one or more occasions for the period until the end of the next Annual General Meeting. Decision pursuant to the authorisation may not result in a new issuance of shares exceeding ten (10) percent of all shares in the Company at the time of the AGM's decision on the authorisation.

Payment shall be made by cash, payment in kind or by offset. Issues with payment in cash or by set-off may take place with or without the shareholders' preferential rights, provided that the issue is carried out on market terms and conditions.

The reason for the proposal and the possibility of deviation from the shareholders' preferential rights is to allow flexibility in connection with any acquisitions or capital raising in connection with acquisitions.

For a valid decision of the Meeting in accordance with the Board of Directors' proposal above it is required that the decision is seconded by shareholders representing at least two thirds (2/3) of the casted votes as well as of the shares represented at the Meeting.
