

Cimco Marine AB (publ.) enters into distribution agreement for the OXE Diesel with Rama Motori S.p.A., Italy

Cimco Marine AB, the manufacturer behind the OXE Diesel, has entered into a distributor agreement with Rama Motori S.p.A., Italy. With extensive service network and reputation for after sales support as an established John Deere distributor, Rama Motori is a great addition to our global network of distributors. With this agreement, Cimco opens up and extends the availability of the OXE Diesel in the Mediterranean.

Rama Motori shares Cimco Marine's passion for engines and attention to technology, environment and innovation. They are specialized in engines for OEMs, spare parts and after-sales services, production and distribution of final products to commercial applications with a deep knowledge of the Italian commercial marine and superyacht market, through their Rama Marine division.

It is with great pleasure that Cimco Marine AB welcomes Rama Motori S.p.A. as distributor to the territory of Italy. *"I am sure that those end users that have been waiting for OXE Diesel availability and support within this region will be very happy. Rama with its extensive service network and reputation for after sales support as an established John Deere distributor is a great addition to our global network of distributors. We look very much forwards to working together and bearing fruit in projects already underway"* says Jim Denley, General Sales Manager, Cimco Marine AB.

Paolo Coccolini, Rama Motori's General Manager, and Alan Ferrari, Sales Manager for the Rama Marine division, have the same position, by saying that *"We are very excited to be part of the CIMCO MARINE family; we believe that this partnership can arise great interest in the Italian outboard motor market. OXE products are very good: top quality, quiet, very comfortable and respectful for the environment. This is certainly a novelty for the marine industry in Europe and a completely new concept in Italy, the firsts feedback received from important players are positive. Therefore we are confident to open a good business in our country soon."*
