- If a shareholder, who is represented in the nomination committee, after the announcement no longer is one of the four largest shareholders, its representative shall resign from its position and such shareholder that by this time is instead one of the four largest shareholders shall be invited to nominate a representative on the Company's nomination committee.
- Shareholders who have appointed representatives in the nomination committee are entitled to remove such representatives and appoint new representatives.

The Board of Directors' proposals

Item 7.b) – Allocation of the Company's result according to the adopted balance sheet

The board does not propose any dividends for the financial year 2021.

Item 12 – Resolution to change the articles of association

In order to (i) enable new issues under item 13, (ii) increase the flexibility to hold general meetings and (iii) adapt the articles of association to amendments in the Swedish Companies Act, the board of directors proposes that the general meeting resolves to change the articles of association as set out in Appendix 1. The board of directors' proposal means that:

- the limits for the Company's share capital shall be not less than SEK 5,000,000 and not more than SEK 20,000,000 instead of not less than SEK 2,000,000 and not more than SEK 8,000,000;
- the limits for the number of shares in the Company shall be not less than 187,500,000 and not more than 750,000,000 instead of not less than 75,000,000 and not more than 300,000,000;

The CEO, or a person appointed by the board of directors, shall be entitled to make any minor amendments that may be required in connection with registering the resolution with the Swedish Companies Registration Office.

Item 13 – Authorization for the board of directors to issue new shares, warrants and/or convertibles

The board of directors proposes that the general meeting resolves to authorize the board to, at one or several occasions during the time up until the next annual general meeting, resolve on new issues of shares, warrants and/or convertibles. The board shall have the right to resolve on new issues of shares, warrants and/or convertibles with deviation from the shareholders' pre-emption rights and/or with provisions on payment in kind, by set-off of claims or otherwise on such terms and conditions as referred to in Chapter 2, Section 5, second paragraph, points 1–3 and 5, of the Swedish Companies Act.

The total increase of shares that may be issued based on or as a result of this authorization cannot in aggregate exceed 20 percent of the number of outstanding shares in the Company at the time of the annual general meeting. Issues based on the authorization shall be made at market value, including market rate discount, if applicable.

The board shall have the right to set the terms and conditions for issues under this authorization as well as to decide who shall have the right to subscribe for the new shares, warrants or convertibles. The reasons for the board to resolve on issues with deviation from the shareholders' pre-emption rights and/or with provisions on payment in kind, by set-off of claims or otherwise on such terms and conditions as referred

to in Chapter 2, Section 5, second paragraph, points 1–3 and 5, of the Swedish Companies Act are to be able to carry out directed share issues to raise capital to the Company and/or to strengthen the Company's financial position.

The CEO, or a person appointed by the board of directors, shall be entitled to make any minor amendments that may be required in connection with registering the resolution with the Swedish Companies Registration Office and/or Euroclear.

A resolution in accordance with this proposal requires approval by at least two thirds (2/3) of the votes cast as well as the shares represented at the general meeting.
