Press release

Indutrade acquires Flowtech Finland Oy

Indutrade's subsidiary Oy Lining Ab has acquired all of the shares in Flowtech Finland Oy with annual sales of about SEK 20 million.

Flowtech Finland Oy designs and supplies waste water pumping stations and water pressure boosters for clean water. The company also provides maintenance and renovation services for these products. 90% of the customers are from the public sector in Finland (municipalities and waterworks).

Organisationally, Flowtech Finland Oy will be included in the Engineering & Equipment business area, which had net sales of SEK 1,569 million in 2009.

The acquisition, which is Indutrade's ninth since the start of the year, is estimated to have a marginally positive impact on Indutrade's earnings per share.

Stockholm, 29 October 2010

INDUTRADE AB (publ)
