Indutrade acquires Dantherm Filtration Oy

Indutrade today signed an agreement to acquire all of the shares in the Finnish company Dantherm Filtration Oy, with annual sales of approximately SEK 30 million.

The product range includes systems for wood chip separation, surface treatment, air filtration and ventilation.

Possession will take place today, when the company becomes part of the Engineering & Equipment business area, which had net sales of SEK 1,569 million in 2009.
