The information was provided by the contact person above for publication on March 24, 2022, at 08.30 CET.

Scandion Oncology A/S, the Cancer Drug Resistance Company, is a clinical phase II biotechnology company currently developing first-in-class, oral add-on drugs to existing market leading anti-cancer therapies. As add-on to standard anti-cancer therapies, it introduces an effective treatment approach for cancer, which is or has become resistant to cancer-fighting drugs, offering the potential for better response rates, longer survival, and improved quality of life. The first-in-class lead candidate, SCO-101, is currently in clinical phase II. The Company is targeting cancer drug resistance in various treatment modalities including chemotherapy, anti-hormonal therapy and immunotherapy. Scandion Oncology is listed on Nasdaq First North Growth Market Sweden. **Ticker: SCOL.**

Västra Hamnen Corporate Finance is the Company's certified advisor on Nasdaq First North Growth Market and can be reached at ca@vhcorp.se or +46 (0) 40 200 250.
