

## Diadrom has today received the largest order in Diadrom's history with an order value of SEK 7.3 million.

Diadrom Systems AB, a wholly owned subsidiary of Diadrom Holding AB (publ), is a leading software company that offers services and own products in diagnostics by Autotech, has received an order from an existing customer who is a world-leading manufacturer of construction equipment and services that increase customers' uptime and productivity.

The order with a value of SEK 7.3 million, which will last until the end of the year, is the largest order in the company's history and refers to a further extension and ramp-up of an already ongoing project in embedded software, product configuration and life cycle management.

"Diadrom offers expertise and complementary products in diagnostics by Autotech. It includes development of built-in software, but also software development of IT systems linked to life cycle management. Here, our expertise in diagnostics is very relevant and applicable to the customer. We are very proud to have continued confidence and hope for a long productive cooperation." says Carl Johan Andersson, CEO, Diadrom.
