

## Changes to the Group management team

**Green Landscaping Group has achieved significant profitable growth over several years. With size and complexity increasing, enhancements and changes are made to the Group management team to safeguard a continued successful journey.**

"I have had the privilege of leading Green Landscaping Group for the past nine years. During this time, the management team has remained intact, and this continuity has been crucial to our success. As I look at the opportunities ahead, I conclude that we need to expand our capabilities. I'm therefore welcoming new members to the Group management team and I am excited to see what we can accomplish together. At the same time, I extend my praise to my long-time companion Pierre Kubalski for his service, as he transitions into a regional manager role," says Johan Nordström, President and CEO of Green Landscaping Group.

The following changes to the Group management team will take effect.

**Jakob Körner**, currently Head of M&A and member of the Group management team, has been appointed Vice President and Chief Operating Officer (COO), and member of the Group management team. Jakob Körner has held several leading positions since he joined Green Landscaping Group in 2012.

**Marcus Holmström** will assume the position of Chief Financial Officer (CFO) and member of the Group management team on 17 December at the latest, as communicated earlier.

**Daniel Linderståhl**, currently Regional Manager Sweden, has been appointed Head of Lean and member of the Group management team. Daniel Linderståhl joined Green Landscaping Group in 2019 in conjunction with the acquisition of Svensk Markservice, where he held leading positions over many years. Daniel Linderståhl replaces Pierre Kubalski, who will transition from his current position as Head of Lean and member of the Group management team, to assume the role of Regional Manager Baltics and Eastern Europe.

**Sam Monsén**, currently a member of the Group's M&A team, has been appointed Head of M&A and member of the Group management team. Sam Monsén joined Green Landscaping Group in 2022, with prior experience from a variety of M&A roles.
