About Tamtron

Tamtron is a global supplier of weighing technology and digital services for effective material flow management. Our solutions have helped our customers increase their operating efficiency in over 60 countries across major industries, such as earth moving, mining, forestry, waste management and recycling, ports, transport, logistics and manufacturing. In addition to weighing equipment and digital services, Tamtron also provides a wide range of life-cycle services to its customers, including verification, maintenance of scales, and spare parts.

Tamtron has two offices located in Finland, head office in Tampere and the other in Lahti as well as eight subsidiaries in Europe. Tamtron's solutions are also distributed through a global dealer network. Tamtron Group employs around 250 experts across Finland, Sweden, Norway, Denmark, Germany, Czech Republic, Slovakia, Poland, and Estonia.

During the financial period ending on 31 December 2022, Tamtron recorded a turnover of EUR 37.1 million and EBIT of EUR 2.0 million.
