# Playdigious to launch Teenage Mutant Ninja Turtles: Shredder's Revenge exclusively on Netflix

**Playdigious SAS ("Playdigious"), a wholly-owned subsidiary of Fragbite Group AB (publ) ("Fragbite Group") has signed an agreement with Netflix for the launch of a mobile edition of Teenage Mutant Ninja Turtles: Shredder's Revenge ("TMNT"). The game will be available exclusively on Netflix.**

TMNT was initially developed for desktop and consoles by Tribute Games and published by DotEmu in June earlier this year. The characters in the game are based on the popular animated TV series that was originally aired in the 1980s. Playdigious will soon be publishing the mobile edition exclusively on Netflix, where it will be made available to all subscribers across the platform.

Marcus Teilman, President & CEO of Fragbite Group, comments:

*-I am both happy with and proud of the hard-working Playdigious team as they will soon be delivering yet another successful title to the Netflix subscribers. For Fragbite Group, TMNT is the second game releasing on Netflix, a deal which offers a valuable revenue contribution starting this quarter, but more importantly forms an important building block in the long-term construction of a solid distribution network across the Group.*

Playdigious publishes traditional desktop games on primarily mobile platforms, where well-known PC games such as Dead Cells, Northgard and Evoland have been launched for mobile players. Release date for the mobile edition of TMNT on Netflix will be announced.
