

OX2 has handed over Wysoka wind farm in Poland to Ingka Investments

OX2 has handed over the Wysoka wind farm in Poland to Ingka Investments, the investment arm of Ingka Group, the largest IKEA retailer. The wind farm comprises of 11 turbines with a total capacity of about 62 MW.

The estimated annual energy production of the wind farm is 180 GWh and assuming an average annual household consumption of about 5,000 kWh, it is equivalent to the annual electricity consumption of about 90,000 households.

OX2 will be responsible for the technical and commercial management of the project optimizing the production and supervising its safe operations.

By the end of the third quarter OX2 was constructing nine projects in five markets with a total capacity of about 1,100 MW.
