Clarification regarding press release “Intellego’s subsidiary Yuvio receives order worth EUR 22 million”

Intellego Technologies AB (publ) (“Intellego”) provides the following clarification to the press release published on 2025-10-04, titled “Intellego’s subsidiary Yuvio receives order worth EUR 22 million.”

The customer for the order is MoveoMed GmbH, a long-term partner to Intellego’s subsidiary Yuvio, which is a wholly owned subsidiary of Intellego Technologies AB.
The UVC disinfection equipment has been sold and when delivered, will generate significant revenue for Intellego in the future. Selling UVC disinfection equipment to hospitals, as well as to partners and distributors, is an integral part of Intellego’s business model.

About Us

Intellego Technologies develops and manufactures color indicators that show the effect of irradiation with, among other things, invisible ultraviolet light, UV light. Color indicators are used globally in, for example, the disinfection industry, the sunscreen industry, and the manufacturing industry. Intellego's indicators have been developed from the company's patented photochromic ink, which can be adapted to different wavelengths of light and various application areas across a range of different industries. Intellego Technologies was founded in 2011, is headquartered in Stockholm, and is listed on the Nasdaq First North Growth Market.
The company's Certified Adviser on the Nasdaq First North Growth Market Stockholm is Mangold Fondkommission AB.
