# CLARIFICATION REGARDING THE POSTPONEMENT OF VALUNO'S ANNUAL REPORT FOR THE FINANCIAL YEAR 2025/2026

**Valuno Group AB (publ) provides the following clarification with reference to the press release on 24 November.**

The company clarifies that the postponement is due to the audit work requiring more time than planned. In the press release on 24 November 2026 at 12:05 CET, it was stated that the Board of Directors, in consultation with the auditor, had decided on an in-depth review of the documentation for the annual report. That wording was unfortunate and gave an incorrect picture of the decision. The decision regarding the scope of the review was made by the auditor, based on the auditor's assessment ahead of their first audit of the company and the year's events, which entails more extensive work than during an ongoing audit and requires more time for both the auditor and the company.

The issues that need further investigation relate to customary verification of accounting records and supplementation of documentation within the scope of the audit.

– There is no reason to believe that there are errors in the accounts from before, which may have been misinterpreted in the previous press release. The work on the annual report will take longer than expected, and we want to prioritize ensuring everything is correct. I would like to clarify that the delay is due to this extensive work and nothing else, says Peter Liljeroos, CEO of Valuno Group.

The Q1 2026/2027 quarterly report is expected to be published as scheduled on 30 November.
