

## DC Universe Online's new Story Arc: Light and Rain launch today

**Starting in 2025, DC Universe Online (DCUO) will transition from its traditional episodic structure to an exciting new format: annual Story Arcs featuring multiple Chapters.**

With this shift, DCUO introduces Story Arcs that unfold across several Chapters throughout the year. This innovative approach promises to deliver deeper storytelling and enhanced player experience, redefining how fans engage with the DCUO universe.

Today DCUO introduces its first chapter of the new Light and Rain story arc, Day of Reckoning, which tells a satisfying story on its own while planting narrative seeds that will powerfully pay off in subsequent chapters that will launch over the year.
