

Vivesto holds a live-streamed business update today November 24

Solna, Sweden, November 24, 2025 – Vivesto AB, an oncology-focused development company, holds a live-streamed business update today, November 24 at 15:00 CET, focusing on the recent pipeline advancements, including the positive interim efficacy results observed in the open label, clinical pilot study with Paccal Vet in dogs with splenic hemangiosarcoma following splenectomy, as well as the positive anti-cancer effects of Cantrixil shown in several preclinical hematological cancer models.

The business update will focus on the Paccal Vet and Cantrixil programs, including details about the recent results, the development plans going forward, medical needs and commercial potential.

Speakers includes:

External speakers

- Henrik Rönnerberg, Professor in veterinary pharmacology (DiplECVIM-CA, oncology)
- Jim Perry, Veterinary oncologist and surgeon, DVM, PhD, CEO CASTR Alliance
- Bjørn Tore Gjersten, Professor of hematology, University of Bergen

Vivesto speakers

- Peter Zonabend, Chairman of the Board
- Erik Kinnman, CEO
- Teresa Fernandez Zafra, Chief Scientific Officer
- Johanna Röstin, Chief Regulatory Officer

About Vivesto AB

Vivesto is a Swedish development company that aims to offer new treatment options for hard-to-treat cancers where there are major medical needs and significant market potential. The project portfolio consists of Cantrixil, which is being developed for blood cancer, and the veterinary oncology program Paccal Vet (paclitaxel micellar), which is being evaluated in a pilot clinical trial in dogs with splenic hemangiosarcoma following splenectomy and in a dose-finding study in cats with solid tumors.

Vivesto's shares are traded on Nasdaq Stockholm (ticker: VIVE). Visit www.vivesto.com for more information about Vivesto.
