About Knowit

Knowit are digitalization consultants with the vision is to create a sustainable and humane society through digitalization and innovation. Knowit supports its clients in the digital transformation and stands out among other consultancy firms through its decentralized organization and agile work methods in client assignments. The operations are divided into four business areas – Solutions, Experience, Connectivity, and Insight – which offer services in bespoke system development, digital customer experiences, the internet of things, cloud, cybersecurity, and management consultancy. Competence from several business areas is often combined in client projects.

Knowit was founded in 1990 and now has around 3,800 employees, mainly in the Nordic countries, but also in operations in Germany and Poland. Knowit AB (publ) has been listed on the stock market since 1997 and is currently listed on Nasdaq OMX Stockholm Mid Cap. For more information about Knowit, please visit www.knowit.eu.
