Ovzon receives 12-months renewal for continued support to UK MoD

Ovzon has for the fourth consecutive year been awarded a 12-months service renewal contract for delivery of Ovzon SATCOM-as-a-Service to the UK MoD. The order is received from Babcock International, a world leading international defense, aerospace and security company, and the total order value amounts to approximately 1 MUSD.

Ovzon's SATCOM-as-a-Service offering includes high performing and resilient satellite network, and the industry leading Ovzon T6 "On-The-Pause" mobile satellite terminals, as well as gateway services and Ovzon's dedicated customer service and support. The service is relied upon by the UK and many western governments when resilient, no-fail communications are required.

"We are proud to receive this continuous renewal which is a testament to our longstanding delivery and good relationship with the UK MoD. We are also excited to start a new partnership with Babcock International. It is an honor to, together, continue to support the UK MoD's critical missions", says Ovzon's CEO, Per Norén.

About Ovzon

Ovzon offers world-leading integrated mobile satellite communications services, SATCOM-as-a-Service, to customers globally. The services combine high throughput satellite networks, mobile satellite terminals, gateway services, and dedicated customer support. Ovzon's offerings meet the growing demand for mission critical connectivity for customers with high performance, mobility and resiliency requirements such as Defense, National security and Public safety. In January 2024, Ovzon's proprietary developed geostationary satellite Ovzon 3 was successfully launched from Cape Canaveral, FL. Founded in 2006, Ovzon has offices in Stockholm, Sweden as well as Herndon, VA and Tampa, FL in the USA. Ovzon is listed on Nasdaq Stockholm Small Cap. For more information, visit www.ovzon.com.
