### **About Acarix**

Acarix is a Swedish medical device company that innovates solutions for rapid AI-based rule out of coronary artery disease (CAD). The CE approved and FDA DeNovo cleared Acarix CADScor®System is intended for patients experiencing chest pain with suspected CAD and designed to help reduce millions of unnecessary, invasive and costly diagnostic procedures. The CADScor System uses advanced acoustics and AI-technology to rule out CAD non-invasively in less than 10 minutes, with at least 96% certainty. The CADScor System has been used on more than 29,000 patients and is recommended as a first-line diagnostic aid as outlined in the clinical workflow developed in collaboration with the American College of Cardiology (ACC). Acarix is listed on the Nasdaq First North Premier Growth Market in Stockholm (ticker: ACARIX). Erik Penser Bank AB (+46 8 463 83 00, [certifiedadviser@penser.se](mailto:certifiedadviser@penser.se)) is Certified Advisor of Acarix.
