Ovzon Receives Supplementary Order from European Customer of 36 MSEK

Ovzon has received a supplementary order from one of its European customers for additional mobile satellite terminals. The order value amounts to 36 MSEK (3.7 MUSD), and deliveries will be carried out during 2026.

This order builds on a relationship with this customer dating back to March 2024, when the company received its initial order including SATCOM-as-a-Service. The initial order was subsequently renewed in May 2025.

"This order is a testament to the long-standing partnership we have built with this customer since 2024. We are pleased to see expanded use cases of our mobile satellite terminals that consistently creates unique value," says Per Norén, CEO of Ovzon.

About Ovzon

Ovzon offers world-leading integrated mobile satellite communications services, SATCOM-as-a-Service, to customers globally. The services combine high throughput satellite networks, mobile satellite terminals, gateway services, and dedicated customer support. Ovzon's offerings meet the growing demand for mission critical connectivity for customers with high performance, mobility and resiliency requirements such as Defense, National security and Public safety. On July 5, 2024, commercial service commenced on Ovzon's proprietary developed geostationary satellite Ovzon 3. Ovzon has offices in Stockholm, Sweden as well as Herndon, VA and Tampa, FL in the USA. Ovzon is listed on Nasdaq Stockholm Mid Cap. For more information, visit www.ovzon.com.
