Difference	-6	-53	-86	-141	-286

Going forward, Enento reports net sales by revenue type: Business information and Consumer information. In prior periods, net sales were reported by business area: Business Insight and Consumer Insight. As part of this change, certain ID protection services for corporate customers that were previously included in the Direct-to-Consumer- business line under Consumer Insight have been reclassified to business information services.
