Bangladesh is one of the most densely populated countries in the world, with a population of over 164 million.

The newsletter also includes information on recruitments to Paxman's quality team in the UK and international positions in France, Germany, India and Scandinavia, and that this month's orders and installations include 5 systems to Southend Hospital in the UK, 4 to the Netherlands and 3 to Brazil, as well as orders to cancer centers in New Hampshire, Florida, Minnesota, Texas and Tennessee in the United States.
