

September: Monthly statistics*

The number of customers at Avanza has during 2022 increased by 103,900, amounting to 7,110 new customers in September. This resulted in 1,764,000 customers at the end of the month. Net inflow in September was SEK -220m, amounting to SEK 31,000m during 2022. Inflows were stable, while outflows were negatively affected by the market uncertainty where recent rate hikes led primarily corporate customers to withdraw cash from Avanza in favour of savings accounts with higher interest rates.
