The resolution pursuant to item (16A.) shall also be conditional on the Annual General Meeting resolving on a directed issue of warrants in accordance with the Board's proposal under item (16B.) below.*

16A. Introduction of the SORP 2026

Background and rationale

The Board of Directors of the Company is of the opinion that incentive programmes lead to higher motivation and commitment among the employees and strengthen the ties between the employees and the Company. Furthermore, it is the Board's assessment that the SORP 2026 will contribute to the opportunities to retain knowledgeable and experienced employees and is expected to increase the employees' interest in the Company's operations and development of earnings. Overall, it is the Board's assessment that the SORP 2026 will benefit both the employees and the Company's shareholders through an increased share value.

Summary of the programme

The SORP 2026 is proposed to comprise of the group management and key individuals, meaning that not more than approximately 40 persons within the XVIVO group will be able to participate.

Under the SORP 2026, participants are given the opportunity to receive shares free of charge, so called "**Performance Shares**", in accordance with the terms and conditions described below. An offer to participate in the SORP 2026 shall be made as soon as practicably possible.

Within the scope of the SORP 2026, the Board of Directors will grant participants rights free of charge entailing the right to, provided that certain criteria are fulfilled, receive Performance Shares ("**Rights**").

Terms and conditions

1. The maximum number of shares will amount to 157,704, whereby 120,000 Performance Shares may be allotted to participants and 37,704 shares may be utilised by the Company to cover social security contributions associated with the programme.
2. Vesting of Rights occurs during the period from 15 May 2026 up to and including 15 May 2029 ("**Vesting Period**").
3. To be granted the Rights, the participant must have been employed or engaged within the XVIVO group throughout the whole Vesting Period, unless the Board of Directors in its sole discretion decides otherwise.

4. The Rights may not be transferred or pledged.

5. Each Right entitles the participant to receive one Performance Share, free of charge, at the end of the Vesting Period (with some exceptions whereas the Vesting Period can be brought forward).

6. If the participant's employment or engagement ends before the end of the Vesting Period, the already earned Rights will be lost and will not entitle to Performance Shares, unless the Board of Directors in its sole discretion decides otherwise.

7. Allotment of Performance Shares under the Rights is, except for the above stated, conditional on the achievement of the performance targets established by the Board of Directors in whole or in part. The "**Performance Targets**" are:

· **TSR**: is based on the average annual total shareholder return during the Vesting Period as follows:

i. If the Company's TSR amounts to or exceeds 12 per cent, 75 per cent of the Performance Shares will be allocated.

ii. If the Company's TSR amounts to 11 per cent, 65.6 per cent of the Performance Shares will be allocated.

iii. If the Company's TSR amounts to 10 per cent, 56.3 per cent of the Performance Shares will be allocated.

iv. If the Company's TSR amounts to 9 per cent, 46.9 per cent of Performance Shares will be allocated.

v. If the Company's TSR amounts to 8 per cent, 37.5 per cent of the Performance Shares will be allocated.

vi. If the Company's TSR is less than 8 per cent, no allotment of the Performance Shares will take place.

vii. For TSR outcomes between the above breakpoints, the allocation of Performance Shares shall be linearly interpolated.

· **ESG**: is based on a goal set by the Company that contributes to societal benefit in the form of human lives saved through the clinical use of machine perfusion on organs (lung, heart, liver and kidney). The goal is based on the Company's long-term sustainable ambition that the market for machine perfusion will continuously grow at least twice as fast as the total number of organ transplants. Global growth for organ transplants has historically been 6 per cent and is expected to continue at this rate over the next three-year period. XVIVO's ESG target is thus that volume growth for machine perfusion should grow by at least 12 per cent per year, which means a volume growth during the Vesting Period of 40.5 per cent. If the ESG target is met, 25 per cent of the Performance Shares will be allocated. If the ESG target is not met, no allotment will be made.

· The Performance Targets thus mean that 75 per cent of future allotment of Performance Shares is attributable to the TSR target and 25 per cent of future allotment of Performance Shares is attributable to the ESG target.

8. The Board of Directors, or a special committee set up by the Board, shall be responsible for preparing the detailed design and administration of the terms and conditions of the SORP 2026, in accordance with the presented terms and conditions including provisions on recalculation in the event of an in-between bonus issue, share split, rights issue and/or similar measures. In connection therewith, the Board of Directors shall be entitled to make adjustments to meet specific foreign regulations or market conditions. The Board of Directors shall also be entitled to make other adjustments if significant changes occur in the XVIVO Group or in its environment that would result in that the adopted terms for the SORP 2026 no longer fulfils their objectives.

Allocation of Rights

The SORP 2026 shall comprise of not more than approximately 40 employees within the XVIVO group. The maximum number of Rights that can be allotted free of charge per participant and category follows from the table below.

<i>Category</i>	<i>Maximum number of Rights per category</i>
CEO	16,000
Management	8,000
Key Individuals	5,000

Costs

The SORP 2026 will be reported in accordance with “IFRS 2 – Share-related remuneration”. IFRS 2 stipulates that the Rights shall be expensed as personnel costs over the Vesting Period. Personnel costs in accordance with IFRS 2 do not affect the Company’s cash flow. Social security contributions will be expensed in the income statement in accordance with UFR 7 during the Vesting Period.

The cost of the SORP 2026 is assumed to amount to a total of approximately MSEK 14.9, excluding social security contributions, and is based on the following assumptions: the TSR target has been calculated in accordance with IFRS 2 supported by the Monte Carlo valuation model based on the following assumptions: (i) a closing share price on Nasdaq Stockholm on 16 March 2026 corresponding to SEK 185.80, (ii) a volatility of 45 per cent, and (iii) a risk-free interest rate of 2.24 per cent. Furthermore, the ESG target has been calculated according to IFRS based on the share price on Nasdaq Stockholm at the start of the SORP 2026, which is taken into account in the above total cost.

Based on the same assumptions as above, and subject to social security contributions of 31.42 per cent, and a share price increase of approximately 40.5 per cent from the start of the SORP 2026 until the participants are allotted Performance Shares (corresponding to a yearly TSR of 12 per cent) and fulfillment of the ESG-target, the costs of social security contributions are estimated to amount to approximately MSEK 9.8.

To illustrate, assuming that 120,000 Performance Shares are allotted at approximately SEK 261 per XVIVO-share, that the actual market value at the time of the free of charge allocation amounts to approximately MSEK 31.3 and with other conditions equal regarding social security contributions, the total cost for the Company of the SORP 2026 would amount to approximately MSEK 24.8.

Effects on key ratios and dilution

Based on the existing number of shares in the Company, the SORP 2026, upon exercise of all 120,000 Rights and 37,704 shares for hedging of social security costs, will result in the share capital being able to increase by a maximum of SEK 4,100.304 and a maximum dilution corresponding to approximately 0.5 per cent of the capital outstanding at the time of issue of the notice and the number of votes in the Company. If all outstanding incentive programmes in the Company are included in the calculation, the corresponding maximum dilution, at the time of issuing the notice, amounts to approximately 1.35 per cent of the capital and the number of votes.

The SORP 2026 is expected to have only a marginal impact on key performance indicators.

Preparation of the proposal

The SORP 2026 has been prepared by the Board of Directors in consultation with external advisers.

Additional ongoing share-based incentive programmes

Information regarding the Company’s current incentive programmes is available in the Company’s annual report 2025, note 23 and the main terms and conditions of the programmes are available on the Company’s website, www.xvivogroup.com. Apart from the programmes now mentioned, there are no other share-based incentive programmes in XVIVO.

Delivery of Performance Shares in accordance with the SORP 2026

In order to be able to implement the SORP 2026 in a cost-effective and flexible manner, the Board of Directors has considered various methods to ensure delivery of Performance Shares. In doing so, the Board of Directors has found that the most cost-effective option, for the delivery of Performance Shares to participants and coverage of social security contributions, is to issue warrants. The Board of Directors therefore proposes that the Annual General Meeting, in accordance with item (16B.) below, resolves to issue a total of not more than 157,704 warrants to the Company with the right and obligation to manage the warrants in accordance with what is set out in this proposal and the terms and conditions for the SORP 2026.

16B. Directed issue of warrants under the SORP 2026 and approval of subsequent transfer of warrants

The Board of Directors proposes that the Annual General Meeting resolves, with deviation from the shareholders' preferential rights, to issue a total of not more than 157,704 warrants, as a result of which the Company's share capital may increase by a maximum of SEK 4,100.304.

The issue of warrants shall be subject to the following conditions:

1. The right to subscribe for the 157,704 warrants shall, with deviation from the shareholders' preferential rights, only vest with XVIVO. The Company shall have the right to, in connection with the end of the term 15 May 2029, transfer warrants to participants or a financial intermediary for delivery of shares to participants and for coverage of social security contributions in connection with utilisation.
2. The warrants shall be issued free of charge and shall be subscribed for on a subscription list no later than 15 May 2026. The Board of Directors shall have the right to extend the subscription period. Oversubscription cannot take place.
3. Each warrant shall entitle the holder to subscribe for one share in the Company.
4. The subscription price for shares subscribed for based on the warrants shall correspond to the quota value of the shares. The subscription price shall be paid in cash.
5. Subscription of shares pursuant to the warrants shall take place during the period from 15 May 2029 up to and including 15 June 2029. The Board of Directors has the right to extend the subscription period, however, by a maximum of six months.
6. Shares which are issued following subscription shall entitle to dividend on the record date for dividends that falls immediately after the new shares have been entered in the Company's share register with Euroclear Sweden AB.

The subscription price, as set out above, shall be rounded to the nearest SEK 0.10, whereby SEK 0.05 shall be rounded downwards. The subscription price and the number of shares that each warrant entitles to subscription for shall be recalculated in the event of a split, consolidation, new share issue etc. in accordance with market practice.

The detailed terms of the warrants are set out in Appendix A.

It is further proposed that the board of directors, or whomever they appoint, should be authorized to undertake such minor adjustments in the resolution that may be required for the registration with the Swedish Companies Registration Office.

The reason for the deviation from the shareholders' preferential rights is to implement the SORP 2026 for employees in the XVIVO Group.

Item 17 – Resolution to authorise the board of directors to resolve on new share issues

The Board of Directors proposes that the Annual General Meeting resolves to authorise the Board of Directors, for the period until the end of the next Annual General Meeting, on one or several occasions and with or without deviation from the shareholders' preferential rights, to resolve on new share issues.

The authorisation may be utilised for new issues of shares, which may be made with provisions regarding contribution in cash, in kind or through set-off corresponding to not more than 10 per cent of the registered share capital in the Company at the time of the issue resolution. The subscription price shall be determined on market terms and conditions. However, in order to enable delivery of shares in connection with a cash issue as described above, this may, if the Board of Directors deems it appropriate, be made at a subscription price corresponding to the quota value of the shares, whereby the issue is directed to an issuing agent that acts as a settlement bank for investors.

Deviation from the shareholders' preferential rights shall be possible in connection with future investments in the form of acquisitions of operations, companies, shares in companies or otherwise for the Company's future expansion. If the Board resolves on an issue with deviation from the shareholders' preferential rights, the rationale shall be that the Board shall be able to issue shares in the Company to be used as a means of in-kind payment or the right to offset debt or to in a flexible and cost-efficient manner raise capital to use as means of payment or to continuously adjust the Company's capital structure.

The Board of Directors, or any person appointed by the Board of Directors, shall have the right to make any adjustments or amendments of the above resolution which may be required in connection with the registration of such resolution and to take any other measure deemed necessary for the execution of the resolution.

Item 18 – Resolution to authorise the Board of Directors to resolve on acquisition of the Company's own shares

The Board of Directors proposes that the Annual General Meeting resolves to authorise the Board of Directors, for the period until the end of the next Annual General Meeting, on one or several occasions, to resolve to acquire the Company's own shares. Shares may be acquired to the extent that the Company's holding of its own shares, on any occasion, does not exceed ten (10) per cent of the Company's total outstanding shares. Acquisitions of shares shall take place on Nasdaq Stockholm at a price within the price interval registered at any given time, by which is meant the interval between the highest purchase price and the lowest sale price. Payment for the shares shall be made in cash. The purpose of the proposed authorisation is to give the Board the opportunity to adapt the Company's capital structure to its capital needs and thereby, among other things, be able to use the repurchased shares as a means of payment for the acquisition of assets or rights.

The Board of Directors, or any person appointed by the Board of Directors, shall have the right to make any adjustments or amendments of the above resolution which may be required in connection with the registration of such resolution and to take any other measure deemed necessary for the execution of the resolution.

Special majority requirement

The Board of Directors' proposal for resolutions in accordance with items 16A – 16B above constitute a package, as the various proposals are dependent on and strongly linked to each other. Therefore, it is proposed that the Annual General Meeting make a single resolution in connection with the abovementioned proposals, in compliance with the majority requirement specified in Chapter 16, Section 8 of the Swedish Companies Act, meaning that the resolution shall be supported by shareholders representing at least nine tenths (9/10) of both the votes cast and the shares represented at the meeting.

For valid resolutions in accordance with item 17 and 18 above, it is required that the proposals be supported by at least two thirds (2/3) of the shares represented and votes cast at the general meeting.

Shareholders' right to obtain information

Shareholders are reminded of their right to, at the Annual General Meeting, obtain information from the Board of Directors and CEO in accordance with Chapter 7 Section 32 of the Swedish Companies Act. Shareholders who wish to submit questions in advance may do so by sending post to XVIVO Perfusion AB, Gemenskapens Gata 9, SE-431 53 Mölndal, Sweden, or via e-mail to kristoffer.nordstrom@xvivogroup.com.

Number of shares and votes

The number of shares and votes in the Company amounts to 31,499,470 per the day for the issuance of this notice. The Company does not hold any treasury shares.
