

Talent, Capital, and Ambition - The Engines of BeammWave's Growth

The start of a new year is a time for both reflection and planning. As I look at our expanding team and strong financial position, it is clear: BeammWave is entering its most pivotal year yet, powered by unprecedented momentum.

2025: From Innovation to Execution

This year, we moved beyond proving our technology to proving our ability to scale. In 2025, BeammWave successfully built the organizational infrastructure and operational rigor necessary for high-volume production. By strengthening our team, refining internal processes, and preparing for global reach, we have evolved into a more robust and truly global company. Supported by a strong cash position and the continued trust of our customers and partners, BeammWave enters 2026 with the wind at its back and a world-class team ready to lead.

2025 Strategic Milestones & Highlights

Capital & Corporate Growth

- **Strengthened Financial Position:** Successfully raised **SEK 85M** in a heavily oversubscribed funding round, demonstrating strong investor confidence in us and our trajectory.
- **Operational Expansion:** Optimized our cost structure while expanding our headquarters to accommodate our rapidly growing team.
- **Governance Excellence:** Appointed a new **Chairman of the Board** with extensive experience in scaling fabless semiconductor companies to global leadership.
- **Digital Transformation:** Launched a modernized website with integrated automation to provide a seamless experience for customers and our investor community.

Partnerships & Market Reach

- **Strategic Alliances:** Formalized our longstanding collaboration with **Nitto Denko** through a Joint Development Agreement (JDA) and deepened our technical collaboration with **Cadence**.
- **Global Presence:** Made our official **MWC debut in Barcelona**, showcasing our technology on the world's largest connectivity stage.
- **East Asian Expansion:** Appointed a new Head of Sales with deep expertise in our primary growth markets: **Japan, Taiwan, and South Korea**.
- **Supply Chain Readiness:** Secured a new partner for **OSAT** (Outsourced Semiconductor Assembly and Test), a critical milestone for high-volume delivery.
- **Industry Integration:** Joined the **GSA FWA Forum** and expanded our **3GPP** contributions in preparation for the upcoming 6G standards.
- **Operator Relationships:** Identified and secured promising new engagements with network operators for 2026.

Product & Technical Leadership

- **Platform Evolution:** Successfully released, sold, and installed the second generation of our development platform.
- **Intellectual Property:** Significantly strengthened our patent portfolio with several new applications and strategic grants.
- **Thought Leadership:** Hosted an extensive technology briefing on **Digital Beamforming**, reinforcing BeammWave's position at the forefront of the industry.

Talent & Community

- **Team Growth:** Hired and onboarded **10 new engineers** and Master's Thesis students, significantly deepening our R&D capabilities.
- **Brand Momentum:** Surpassed **6,000 LinkedIn followers**, reflecting our increasing influence within the global tech ecosystem.

Customer Progress

We are making excellent progress across our three primary customer engagements. While we are careful not to make specific announcements on their behalf, we are seeing remarkable momentum. Our "seamless collaboration" model is yielding high-quality feedback that we are already incorporating into our product roadmap, ensuring our solutions exceed the rigorous demands of the market.

A Message of Gratitude

Thank you for your continued support and engagement. I truly value the ongoing communication with all of you, whether you are a customer, partner, supporter, or shareholder. Your trust makes all the difference as we continue to live by our "**a little bit better every day**" philosophy.

Together, we are making 2026 the year BeammWave defines the future of connectivity.

Happy New Year!

Stefan
