

PRESS RELEASE | 2026-03-27

JM starting production of housing in Österåker

JM is starting production of the project Vide, which consists of 61 tenant-owned units in Tuna, in Österåker municipality north of Stockholm.

Vide constitutes the first of three phases in the area, where JM will develop in total approximately 130 residential units, and consists of three stairwells with an underlying garage. The housing start is reported within the JM Stockholm business segment in the first quarter of 2026. Sales are underway and occupancy is planned to begin in the second quarter of 2027, with estimated completion in the third quarter of 2027.

– It is very positive that we are now starting production of Vide, which is located in an attractive part of Österåker municipality with proximity to nature and good transportation options, says Malin Lindskog, Regional Manager Stockholm North, JM Stockholm.

JM is the leading developer of housing and residential areas in the Nordic region. Operations focus on new production of homes in attractive locations, with emphasis on expanding metropolitan areas and university towns in Sweden, Norway and Finland. We are also involved in project development of commercial premises and contract work, primarily in the Greater Stockholm area. JM should promote long-term sustainability work in all of its operations. Annual sales total approximately SEK 10 billion and the company has about 1,800 employees. JM is a public limited company listed on NASDAQ Stockholm, in the Large Cap segment. For more information www.jm.se/en
