Kollect on Demand Holding AB (publ) announces order of new BIGbins and launch of new site

Today on Sep 21, 2021, Kollect on Demand Holding AB (publ) ("Kollect" or the "Company") announces that BIGbin has placed an order for 10 new bins and launched in Galway

Kollect's wholly-owned subsidiary for waste drop-off operations, BIGbin Waste Technology Limited ("BIGbin"), has today placed an order for an additional 10 new compactor bins with the most up-to-date technology installed.

The new compactor bins, which will be funded from existing cash resources, will be delivered in time to support the roll out of new BIGbin sites in Q1 2022.

In addition, BIGbin has launched a new site in Newcastle, Galway. This brings the number of operational sites to 34 and extends its waste drop-off operations into another Irish city.

Comment from John O'Connor, CEO:

"I am delighted to announce this order today, which, together with the order announced earlier this year, emphasises the strategic importance of BIGbin to Kollect. These orders, together with our growing pipeline of new sites, means we are well positioned to continue to grow BIGbin and our market leading position within waste drop off".

About BIGbin: BIGbin has grown from 12 locations in 2019 to 34 (and counting) as of today. With aggressive expansion plans and investment from Kollect, BIGbin expects to continue to grow its network of locations over the coming years to offer Pay-As-You-Go waste drop-off services to customers in every large town and city across the country.
