Item 12 – Resolution on introduction of Incentive program 2023/2026 through a) directed issue of warrants and b) approval of transfer of warrants to senior executives, other key employees, employees and consultants in Sweden

The board of directors proposes that the AGM resolves on introduction of an incentive program for senior executives, other key employees, employees and consultants within the Company and its subsidiaries operating in Sweden, through the Company issuing warrants of series 2023/2026 to the Company, or a subsidiary designated by the Company, and to approve the transfer of warrants of series 2023/2026 to senior executives, other key employees, employees and consultants operating in Sweden, on the terms set forth below ("**Incentive Program 2023/2026**").

The board of directors considers it important and in the best interest of all shareholders that the senior executives, other key employees, employees and consultants who are deemed important for the group's further development, have a long-term interest in a positive value development of the Company's shares. A personal long-term shareholder engagement is expected to contribute to an increased interest in the Company's business and result in whole, as well as to increase the participant's motivation and affinity with the Company and its shareholders.

A. Directed issue of warrants of series 2023/2026

The board of directors proposes that the AGM resolves on a directed issue of a maximum of 2,700,000 warrants of series 2023/2026 on the following terms.

1. Number of warrants issued

The Company shall issue a maximum of 2,700,000 warrants of series 2023/2026. Each warrant carries the right to subscribe for one (1) new share in the Company.

2. Subscription right and allotment

The right to subscribe for the warrants shall, with deviation from the shareholders' pre-emptive rights, exclusively accrue to the Company, or a subsidiary designated by the Company, with a right and obligation to transfer the warrants to senior executives, other key employees,

N.B. English translation is for convenience purposes only

employees and consultants operating in Sweden. Oversubscription is not possible. The reason for the deviation from the shareholders' pre-emptive rights is that the warrants shall be utilized in the introduction of the Incentive Program 2023/2026.

3. Issue price

The warrants shall be issued without consideration to the Company, or a subsidiary designated by the Company.

4. Subscription period

The warrants shall be subscribed for on a separate subscription list within three weeks from the date of the issue resolution. The board of directors shall have the right to extend the subscription period.

5. Exercising period

The warrants may be exercised by application of subscription for new shares during the period from 2 June 2026 up to and including 15 June 2026.

6. Subscription price

The subscription price per share upon exercise of the warrant shall be an amount corresponding to 150 per cent of the volume-weighted average price for the Company's shares on Nasdaq First North Growth Market during the period from 15 May 2023 up to and including 29 May 2023. The subscription price may never be less than the quota value of the share. If the subscription price exceeds the quota value of the share, the excess amount (the excess price) shall be recorded in the non-restricted share premium fund in the Company's balance sheet.

7. Increase of share capital

The Company's share capital may, provided that the warrants in Incentive Program 2023/2026 are fully exercised, increase with a maximum of SEK 44,999.222742 (provided current quota value and that no re-calculations have been made).

8. Dividend

Shares subscribed for with the exercise of warrant will carry the right to dividend for the first time on the record day for dividends occurring closest after the new shares have been registered with the Swedish Companies Registration Office and the shares has been entered into the share register kept by Euroclear Sweden AB.

B. Approval of transfer of warrants of series 2023/2026

The board of directors proposes that the AGM resolves to approve that the Company, or a subsidiary designated by the Company, may transfer a maximum of 2,700,000 warrants of series 2023/2026 to senior executives, other key employees, employees and consultants in the Company or its subsidiaries operating in Sweden (the "**Participants**"), on the following terms.

1. Participants and allotment

The right to acquire warrants of series 2023/2026 from the Company, or a subsidiary designated by the Company, shall accrue the following Participants:

Category A (Senior executives, 2 persons) are offered a maximum of 500,000 warrants each and a total maximum of 800,000 warrants.

Category B (Key employees, including certain consultants, a total of 3 persons) are offered a maximum of 350,000 warrants each and a total maximum of 750,000 warrants.

N.B. English translation is for convenience purposes only

Category C (Other employees, including certain consultants, a total of 14 persons) are offered a maximum of 200,000 warrants each and a total maximum of 1,150,000 warrants.

The Participants can choose to subscribe for a lower number of warrants than what is stated above. Should the total number of warrants the Participants wishes to acquire exceed the highest number of warrants that can be issued within Incentive Program 2023/2026, a proportional reduction is to be made of the number of warrants each person can be assigned pursuant to the guidelines above. Guaranteed allocation will not occur. A Participant has the right to subscribe for a larger number of warrants than what is stated in the guidelines above and may be assigned additional warrants if the program is not fully exercised. Should such oversubscription occur, allocation shall be made to Participants who wishes to subscribe for additional warrants, pro rata in relation to the number of warrants they have been assigned in the first allocation.

Any warrants that are not assigned pursuant to the above or that have been repurchased shall be reserved for future recruitments of people within the above stated categories in the group until the end of the 2024 AGM, whereas stated guidelines shall apply.

The right to acquire warrants shall only be granted to those persons who, at the end of the application period, have not resigned or been terminated.

Transfer to Participants requires that the warrants legally can be acquired and that, according to the board of directors' assessment, can be made to reasonable administrative and financial efforts.

Warrants held by the Company, or a subsidiary designated by the Company, and which have not been transferred in accordance with section B, or which were later repurchased from Participants, may either be re-sold to employees within the group or cancelled by the Company following a resolution by the Company's board of directors. Cancellation shall be reported to the Swedish Companies Registration Office.

2. Price and payment

Transfer of warrants shall be made at market value at the time of the transfer, calculated using the Black & Scholes valuation model by an independent valuation institute. The valuation will be carried out by PwC.

Payment for allotted warrants shall be made in cash no later than 8 June 2023. The board of directors shall have the right to extend the payment period. In the event of a transfer to new employees, the board of directors shall determine a corresponding payment date. The warrants shall otherwise be subject to market conditions.

3. Pre-emption right and termination of employment

A prerequisite for the right to acquire warrants is that the Participant has entered into an option agreement with the Company. The option agreement, among other things, states that the warrants shall be subject to an obligation for Participants who wish to transfer or otherwise dispose of the warrants to a third part, to first offer the Company, or a subsidiary designated by the Company, to acquire the warrants. The warrants shall further be subject to a right for the Company, or a subsidiary designated by the Company, to repurchase the warrants if a Participant's employment in or assignment for the Company ceases during the term of the program.

Upon full subscription and full exercise of the proposed warrants, the Company's share capital may increase by a maximum of approximately SEK 44,999.222742 through the issue of a maximum of 2,700,000 shares, each share with a quota value of approximately SEK 0.016666, however, with reservation for any re-calculation in accordance with the full terms and conditions of the warrants as a result of new share issue etc. These new shares, when fully exercised, correspond to, approximately 3.0 per cent of the total number of shares and votes in the Company. The dilution has been calculated as the number of shares and votes that can

N.B. English translation is for convenience purposes only

be issued at the most, divided by the total number of shares and votes in the Company prior to such issue.

The CEO, or the person appointed by the board of directors, shall have the right to make such minor adjustments of the resolution which may be required for registration with the Swedish Companies Registration Office and Euroclear Sweden AB.

The resolution under a) and b) above shall be made by the AGM as one resolution. A valid resolution requires that the proposal is supported by shareholders with at least nine-tenth of both the votes cast and the shares represented at the meeting.

Disclosure at the AGM

The board of directors and the CEO shall, if requested by any shareholder and if the board of directors is of the opinion that it can be done without causing material harm to the Company, provide disclosures about conditions that may impact assessment of an item of business on the agenda, about conditions that may impact assessment of the Company's or a subsidiary's financial situation, and about the Company's relationship with another group company.

Miscellaneous

The annual report and audit report, proxy form, postal voting form, the board of directors' complete proposals for resolutions and other documents to be considered at the AGM, will be kept available at the Company's office, address as above, not later than three weeks prior to the AGM. The above-mentioned documents will further be available from the same date on the Company's website www.fragbitegroup.com.
