

Acconeer again on 'Fast 50' fastest growing tech companies in Sweden

On October 31, Deloitte released their new Technology Fast 50 ranking of Swedish tech companies for 2023, and Acconeer is on the list for the second consecutive year.

“We’re proud and pleased to yet again confirm that Acconeer is on the list of Sweden’s fastest growing tech companies. This is the second year in a row our company reaches the top section.” CEO Lars Lindell comments.

Every year since 1995, Deloitte has composed ‘Technology Fast 50’ lists to recognize tech companies’ progress. Today, these rankings are done in over 20 countries across the world and in separate local regions in larger countries such as the US.

About Acconeer AB

With ground-breaking technology, Acconeer has developed a radar sensor that opens a new world of interaction. Acconeer Micro Radar Sensor, with low power consumption, high precision, small size and high robustness, is a 60GHz robust and cost-effective sensor for detection, distance measurement, motion detection and camera-supported applications with low power consumption. Acconeer combines the advantage of low power consumption with highly accurate pulsed radar systems of coherent radar, all integrated into a component with a surface area of only 28 mm². The radar sensor can be included in a range of mobile consumer products, from smartphones to wearables, but also in areas such as robots, drones, the Internet of Things, healthcare, automotive, industrial robots and security and monitoring systems. Acconeer is a semiconductor company and, as a business model, sells hardware to manufacturers of consumer electronics products. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA). For more information: www.acconeer.com.
