

## QleanAir sells USP 797/800 cleanroom to veterinary college at a large California university system, worth \$339,000.

QleanAir Scandinavia, a leading provider of solutions for clean indoor air, has signed an agreement to deliver a USP 797/800 compliant cleanroom solution to the veterinary school of a large university system in California. The contract is valued at approximately \$339,000, and the project is scheduled to begin construction in Q2 of 2026.

QleanAir is dedicated to helping its customers protect people, products, and processes through cleanrooms that meet and exceed USP guidelines and maintain a compliant state of control. The new cleanroom will support veterinary sterile compounding operations by providing controlled environmental conditions, reliable containment, and scalable infrastructure aligned with the institution's operational and compliance needs.

"We are pleased to partner with this leading veterinary school by delivering a high-performance cleanroom solution that supports their multi-disciplinary expertise and cutting-edge therapies to enable excellent patient care across their veterinary services. QleanSpace cleanroom solutions provide organizations with environmental control and adaptability to bring compounded therapies from pharmacy to patient with safety and efficiency," says Amanda Myers, Chief Commercial Officer of QleanAirScandinavia Inc.
