

Xplora Technologies AS: Monthly Subscriptions Update September 2025

As of September 30, 2025, Xplora Technologies has 443k subscriptions, an increase of 116k from September 2024 (326k).

This month's highlights:

*Increase of 22k new subscriptions (gross)

*The mobile subscription base in Spain surpassed 10k, up 5k from September 2024

This month's subscription update reflects Xplora Technologies' existing activity in the Kids market within the Kids & Youth segment.

Note: We expect our churn rate to be consistent with historic numbers. Subscriptions include connectivity plans (mobile subscriptions), premium services, B2B service revenues, and service fees for Xplora smartwatches without Xplora mobile subscriptions (Nordics). Xplora has seasonal changes, especially related to Back-to-school and the Festive Season. The net growth in the subscription base will therefore fluctuate throughout the year.
