Clarification: Enea and Digis Squared Secure Deep Packet Inspection (DPI) Project with Tier-1 Mobile Network Operator

Earlier today, Enea and Digis Squared announced a joint Deep Packet Inspection (DPI) project with a customer in the Middle East and Northern Africa.

The project is an agreement over five years with a total value of USD 1.8 million for Enea. It will not affect the company's financial result for the first quarter 2026 and it is in line with the company's financial guidance.

About Enea

Enea is a global specialist in advanced telecom and cybersecurity software, with a vision to make the world's communications safer and more efficient. Dedicated to innovation and security, our solutions connect, optimize, and protect communications between people, companies, and connected things worldwide. We serve 170+ communication service providers across 100+ countries, with more than 3 billion people relying on Enea technologies every day. Headquartered in Stockholm, Sweden, Enea is publicly listed on NASDAQ Stockholm. To learn more, visit enea.com.
