

Physitrack Plc announces Appointment of Head of People, C-suite changes

Physitrack Plc ("Physitrack Group", "the Company") today announces the appointment of Mr Jack Goodwin as Head of People for the Physitrack Group. Mr Goodwin joins the Company from the UK Government's Cabinet Office, where he last oversaw a transformation programme for 330,000 employees under the Arm's-Length Bodies and was responsible for policy advice to the Cabinet Office and His Majesty's Treasury Ministers.

The appointment of Mr Goodwin to oversee everything People and HR related provides the Company with an opportunity to streamline the company at Group level for operational and financial efficiency and Physitrack therefore at the same time also announces that it will reduce its C-suite with two people, whose roles overlap significantly with that of the Head of People function.

Further to the appointment of Jack Goodwin, departing the C-suite as of today but remaining with the Company for a transition period are Mr Andrew Knox, Group Chief Operating Officer and Mr Ryan Ebert, Chief Commercial Officer, Wellness. Ryan and Andrew will both ensure a smooth handover to Mr Goodwin as the Physitrack Group continues on its journey.
