

Argo Defence Group's subsidiary Disarmament Solutions Ukraine awarded contract contributing to Ukraine's defence capabilities valued at 17 MSEK

Argo Defence Group AB (publ) announces that its wholly owned subsidiary, Disarmament Solutions Ukraine, has been awarded a contract for specialised defence technology with a value of 17 MSEK. Deliveries to Ukrainian end-users are scheduled to take place during 2026 and 2027.

In view of confidentiality and the prevailing security situation, no further information about the customer or the specific contents of the contract will be disclosed.

The contract demonstrates that Argo Defence Group's targeted investment in Ukraine is now delivering results. It is of particular strategic importance, as it represents the company's first commercial contract within a new business segment in the country. The contract strengthens Disarmament Solutions Ukraine's position in the Ukrainian market and establishes an important foundation for continued growth within this segment.

"Argo Defence Group's operations in Ukraine provide us with direct access to a region with high security requirements and significant demand for defence equipment. Our presence gives us a deeper understanding of local needs and market conditions, enabling faster decision-making, tailored solutions and efficient implementation.

We are now seeing how our substantial investments and long-term market development efforts in the country are creating business opportunities that can make a tangible difference to Ukraine's defence capabilities." says Marcus Selme, CEO of Argo Defence Group AB.
