

Lifco acquires HedoN Electronic Developments in the Netherlands

Lifco has signed an agreement to acquire a majority of the shares in the Dutch company HedoN Electronic Developments BV. The company is specialised in the design and supply of high precision electronic products, especially for industrial inductive heating applications.

In 2024, HedoN reported net sales of approximately EUR 7.4 million. The company is based in Delft, Netherlands, and has 18 employees. HedoN will be consolidated in Business Area Systems Solutions, division Special Products. Consolidation is expected to take place in the third quarter of 2025.

The acquisition will not have any significant effect on Lifco's earnings or financial position in the current financial year.
